ABOUT EVOLVE 2026

Evolve Future Mobility Show (EFMS 2026)

Evolve 2026 is the Middle East's most comprehensive event dedicated to shaping the future of mobility. Building on the success of EFMS 2025, the 2026 edition expands beyond electric vehicles to encompass the entire mobility spectrum, driving innovation and collaboration across diverse transportation sectors.

WHAT'S NEW IN 2026?

Evolve 2026 is not just about EVs—it's about total mobility transformation. The event will showcase cutting-edge solutions across:

Diverse Passenger and Commercial Mobility

From electric, hybrid, ICE, and hydrogen-powered vehicles to flying taxis, trucks, buses, and advanced fleet technologies.

Public and Shared Transport Innovations

Featuring metro systems, Mobility as a Service (MaaS) platforms, and autonomous shuttles that redefine urban mobility.

Smart Infrastructure and Connectivity

Explore AI-driven traffic systems, Vehicle-to-Everything (V2X) communication, and energy innovations including next-gen batteries and biofuels.

Sustainability and Digital Mobility

Dive into carbon-neutral strategies, circular economy practices, and breakthrough technologies like ADAS, cybersecurity, and digital twins.

WHY ATTEND?

Aligned with the UAE's vision for sustainable and smart mobility, Evolve 2026 positions the region as a global hub for transportation innovation. With over 6,000 expected visitors, this world-class event offers unparalleled opportunities to:

- Generate high-quality leads
- Network with industry leaders, policymakers, and innovators
- Forge partnerships that accelerate the future of mobility

Evolve 2026 is more than an exhibition—it's a catalyst for business growth and technological advancement in the Middle East mobility ecosystem.

HOSTED-BUYERS PROGRAM

Building Lasting Connections

93 hosted buyers

60 companies
(40% international, 60% UAE)

650 meetings
fulfilled onsite with
all the exhibitors

MEET WITH

Automotive Industry

Government Entities

Investor & Venture Capitalists

EV Innovators

Industry Leasers

Energy Industry Representatives

EV Manufacturers

Automotive Dealers & Distributors

Urban Planners & City Officials

EV Enthusiasts

Fleet Managers

R&D Professionals

Academics & Educators

Industry Suppliers

Service Providers

Insurance & Risk Management Professionals

Environmental Advocates

Supply Chain & Logistics Professionals

HIGHLIGHTS OF 2025

Evolve 2025 Under The Royal Patronage of:
H.H. Sheikh Sultan bin Mohammed bin Sultan Al Qasimi
Crown Prince and Deputy Ruler of Sharjah

Exhibition Space: **5,500** sqm
+ Outdoor (Test-drive zones)

Exhibitors/Products:

50+ exhibitors

100+ product showcases

10+ countries represented

(EV manufacturers, components & technology, infrastructure providers, research & development; Institutions, innovators and maintenance, energy, and logistics/supply-chain providers)

Visitors: **5,000**

Conference Programme:

50+ Speakers

300+ Delegates (20 sessions)

KEY PARTICIPANTS

Organised by:

MIE EVENTS DMCC

Gold Sponsor

Silver Sponsor

MARKET INSIGHTS

Clean Mobility Adoption

UAE targets 50% clean mobility adoption by 2050, with strong growth in electric vehicle registrations.

Smart Transport Infrastructure

Investments in smart roads, AI traffic systems, and autonomous vehicle trials are reshaping urban mobility.

Intermodal Connectivity Projects

Projects like Etihad Rail, Dubai Metro, and The Loop improve intermodal connectivity across the UAE.

Government Incentives

Strong incentives support EVs, hydrogen vehicles, and solar mobility solutions promoting sustainability.

GCC SMART MOBILITY PROJECTS

Autonomous Vehicle Pilots

Dubai RTA is pioneering autonomous taxis, AI traffic systems, and flying car projects to enhance urban transportation.

Futuristic Autonomous Shuttles

NEOM includes Level-4 autonomous shuttles and a smart mobility grid for a futuristic transportation network.

Driverless Mass Transit

Riyadh Metro deploys driverless trains with advanced CBTC signaling systems for efficient mass transit.

Electric and Micro-Mobility Expansion

Qatar modernizes with electric bus depots and expands micro-mobility options for sustainable transport.

FUTURE MOBILITY TECH DEMOS

Air Mobility Innovations

Immerse in eVTOL and flying taxi simulations showcasing the future of urban air mobility.

Autonomous Ground Transport

Experience autonomous shuttles and robotaxi trials demonstrating advanced driverless technology.

Smart Energy Solutions

Live demos of solar charging stations and hydrogen fueling units highlight sustainable energy tech for vehicles.

Integrated Mobility Systems

AI-driven traffic control and MaaS platforms illustrate connected and efficient smart city transport ecosystems.

VISITOR ENGAGEMENT INTERACTIVE ACTIVITIES

Vehicle Test Drives

Visitors can experience EVs, hybrids, and autonomous vehicles through hands-on test drives at the event.

Virtual Reality Simulations

VR experiences immerse attendees in flying taxis and smart city concepts to educate and engage visitors.

STEM and Robotics Workshops

Interactive workshops engage youth and families in robotics and STEM learning activities.

Startup and Social Engagement

Startup pitch arena highlights innovations while influencer zones and photobooths boost social media presence.
